**AFFIDAVIT PURSUANT TO LOCAL RULE 1007-2**

STATE OF NEW YORK        )  
                                  ss.:  
COUNTY OF NEW YORK    )

JOHN M. JURELLER, being duly sworn, deposes and says:

1.       I am the Assistant Vice President of Cedar Chemical Corporation ("Cedar") and I submit this affidavit pursuant to Rule 1007-2 of the Local Bankruptcy Rules of this Court.

2.       There is no other or prior bankruptcy case filed by or pending against Cedar.

3.       Cedar is engaged in the business of the manufacture and sale of agricultural chemicals. The immediate cause of commencement of the case was inadequate liquidity to fund existing operations and to satisfy ongoing obligations. Cedar's underlying financial difficulties arise out of the continuing decline in profitability in a competitive environment.

4.       No unofficial committee of creditors was organized prior to commencement of the case.

5.       Pursuant to Rule 1007-2(a)(4) of the Local Rules of this Court, Cedar is required to file with its petition a list containing the names and addresses of the twenty (20) largest unsecured creditors excluding (i) those creditors who or which would not be entitled to vote at a creditors' meeting under 11 U.S.C. § 702; (ii) such creditors who were employees of Cedar at the time of the filing of its petition for reorganization; and (iii) creditors who are "insiders" as that term is defined in 11 U.S.C. § 101(31). Said list of unsecured creditors is annexed hereto as Exhibit "1".

6. Pursuant to said Rule 1007-2(a)(5), the holders of the five (5) largest secured claims against Cedar, their addresses, claim amount, description and estimated value of collateral securing claim and whether the claim or lien is disputed is annexed hereto as in Exhibit "2".

7. Attached as Exhibit "3" is a summary of Cedar's estimated assets and liabilities as of December 31, 2001.

8. Cedar does not have publicly held shares of stock, debentures or other securities. A list of Cedar's equity security holders is attached as Exhibit "4".

9. There is no property of Cedar in the possession or custody of any public officer, receiver, trustee, assignee for the benefit of creditors, mortgagee, pledgee, assignee of rents, liquidator, secured creditor, or agent of any of such persons.

10. Cedar owns the premises housing its manufacturing plant at 49 Phillips Road, #311, Helena, AR 72342. Cedar leases office space located at 5100 Poplar Avenue, Suite 2414, Memphis, TN 38137. Cedar also leases space in several warehouses for the storage of inventory, a list of which is attached hereto and made a part hereof, itemized on Exhibit "5".

11. Cedar maintains corporate offices at its parent company's headquarters at 375 Park Avenue, New York, NY 10152 and at 5100 Poplar Avenue, Suite 2414, Memphis, TN 38137. Cedar's assets are primarily located at 49 Phillips Road, #311, Helena, AR 72342.

12. Lawsuits have been instituted against Cedar as set forth on Exhibit "6" annexed hereto.

13. Cedar's executive officers and senior management, and their tenure with Cedar and respective duties and responsibilities are as follows:

<u>Name</u>	<u>Title</u>	<u>Tenure</u>	<u>Duties</u>
(a) Yehuda Yoked	President & CEO	2002 - Present	Oversees and is responsible for all aspects of company
(b) J. Randal Tomblin	Senior Vice President	1989 - Present	Day-to-day management

(c) John Lewandowski	Exec. Vice President & COO	1998 - Present	Day-to-day management of business including manufacturing, sales and marketing
(d) Chris McGee	Vice President of Operations and Sales and Marketing of Specialty Chemicals	1997 - Present	All manufacturing; sales and marketing with respect to specialty products and contractual manufacturing
(e) Milton Bernard	Vice President - Crop Protection Chemicals	1986 - Present	Sales and marketing of crop protection chemicals and responsible for all matters and product registrations
(f) John M. Jureller	Asst. Vice President	2002 - Present	Oversees financial and administrative matters
(g) Neil Robbins	Controller	1986 - Present	Oversees financial matters of company
(h) Michael P. Oravec	Asst. Secretary	1994 - Present	Responsible for cash management
(i) Ray S. Keller	Asst. Secretary	2002 - Present	Financial and administrative matters

14. Cedar desires to continue the operation of its business and the management of its property pursuant to the provisions of Chapter 11, Title 11, United States Code.

15. The estimated payroll (including payroll taxes and other fringe benefits) for employees of Cedar for the thirty (30) days following the filing of the chapter 11 petition is \$926,000. Of this amount, the amounts now being paid and proposed to be paid for services to be rendered by officers of Cedar as employees, for a period of thirty (30) days following the filing of the chapter 11 petition is approximately \$118,000.

16. The estimated cash receipts, receivables accrued and additional costs of operations for Cedar, exclusive of wages and salaries, for the thirty (30) days following the filing of its chapter 11 petition are as follows:

(a)	cash receipts	-	\$2,946,000
-----	---------------	---	-------------

- (b) accrued receivables - \$6,412,000
- (c) costs of operations - \$ 510,000

(net of professional fees and payroll)

17. Cedar estimates that its operations for the thirty (30) days following the filing of the chapter 11 petition will result in a positive cash flow of approximately \$2,065,000 before any allocation for cost of goods sold and exclusive of payroll and professional fees.

18. The needs and interests of Cedar and its creditors will best be served by Cedar's continued operation and management of its business. Cedar believes that the interests of all parties would be best served by the continuation of its business operations as a debtor-in-possession under Chapter 11 until sale of its assets as a going concern and a confirmation of a chapter 11 plan.

19. Attached as Exhibit "7" is a copy of the corporate resolution authorizing the petition to be filed.

20. Attached as Exhibit "8" is a matrix list of creditors of Cedar.

Debtor.	)	

1. Identify and briefly describe all real or personal property owned by or in possession of the debtor that, to the best of the debtor's knowledge, poses or is alleged to pose a threat of imminent and identifiable harm to the public health or safety (attach additional sheets if necessary):

Debtor's Organic Chemical plant site in the Industrial Park at West Helena, Arkansas (approximately 50 acres). Contains six (6) separate processing units, waste water treatment plant, laboratories, administration building, finished goods warehouse, maintenance shop, spare parts warehouse and various other buildings on the site.

2. With respect to each parcel of real property or item of personal property identified in question 1, describe the nature and location of the dangerous condition, whether environmental or otherwise, that poses or is alleged to pose a threat of imminent and identifiable harm to the public health or safety (attach additional sheets if necessary):

This is a chemical processing plant which practices sophisticated organic chemical synthesis. It is, however, in compliance with all OSHA and Process Safety Management practices, conducts HAZOP reviews on all new processes with training programs for all personnel.

There are several long-standing environmental issues including:

- a. Buried drums have been found previously and removed with all remediation approved by the State. To Debtor's knowledge there are no more buried drums, but the possibility of further burial sites exists.
- b. There are several "hot spots" on the plant site, i.e., evidence of soil contamination below ground level which exceed regulatory levels.
- c. There are drums stored in a vault under one of the warehouses that have been there since the 1970's. Although this storage was approved by the State when it was done, but there are no known records to accurately identify the contents of the drums and no knowledge of the condition of those drums. The State has stated that this will have to be remediated at some point in the near future.
- d. There is ground water contamination in a non-drinking water aquifer from several chemicals that exceed regulatory levels. The contamination "plumb" extends as far as approximately 0.5-1.0 mile from the plant site and at least one irrigation well has shown excessive levels of contamination.
